**Fact Book 1970 / The University of Georgia** 

November 2, 1970

Dear Colleague:

The UNIVERSITY OF GEORGIA FACT BOOK was developed in 1969. Its purpose is to provide a ready source of basic factual information for use in answering common questions regarding the University, preparing grant proposals, developing long-range plans, replying to questionnaires, recruiting new faculty members, and preparing speeches for various occasions. Its publication is a first step toward alleviating the problems of University personnel in securing necessary data.

This 1970 edition of THE UNIVERSITY OF GEORGIA FACT BOOK is being distributed to each faculty member of the University. We hope that this information will be helpful to you and will enhance your understanding of the scope and progress of your University. Your comments and suggestions on this publication will be welcome.

Sincerely yours,

  
S. W. Pelletier, Provost

## PREFACE

The basic purpose of this Fact Book is to present useful objective information about the University of Georgia. It is by no means an exhaustive presentation of statistical information about the University. The editor has attempted to include information which might be relevant to the audience for which The Fact Book is designed. This is the second edition of The Fact Book. Additional information has been included and the information from the 1969 Fact Book has been updated to 1970.

This information was obtained from the various campus offices responsible for generating the source data. Because of the number of offices involved, minor inconsistencies may occur since some related information was collected and summarized at different points in time. The editor appreciates the excellent cooperation that he received from all offices in collecting the data.

This project is conducted as a service to the University by the Office of Institutional Research and Planning. Suggestions, corrections, and criticisms are solicited and should be sent to the editor at the Office of Institutional Research and Planning.

N.R.K.

## ALUMNI RELATIONS

### Staff

Director of Alumni Relations, Associate Director of Alumni Relations, Two Assistant Directors of Alumni Relations, Business Manager, Office Manager. Clerical staff of twelve.

### Facilities

The Alumni House is located in the recently renovated Field House on South Campus adjacent to The Coliseum.

### Functions

The Office of Alumni Relations conducts all four major functions of an alumni program -- alumni activities, fund raising, alumni publications, and record keeping.

### Programs

Major programs of the Alumni Society include (1) formation and promotion of alumni chapters throughout Georgia and in major population centers where large numbers of University alumni live outside the state, (2) handling class reunions on the basis of five-year rotation, (3) conducting the Annual Meeting of the Alumni Society each spring, (4) UGA TODAY program which brings back to the campus key alumni leaders for presentation of up-to-date information on the University, (5) a highly successful annual giving program that ranks 14th in the nation among major state colleges and universities in the number of contributors (1968-69), (6) student recruitment program with major emphasis on National Merit Semi-Finalists and the upper 5 per cent in academic standing among the junior and senior classes of Georgia high schools, (7) public relations program for high school advisers and junior college admission officers and advisers, (8) recognition of the letter-winner each year in each of the 10 intercollegiate sports who has had the highest academic average for the preceding three quarters, (9) a major program among student leaders on campus that includes assisting each year with the Blue Key Banquet and the ODK-Mortar Board Banquet for student leaders, (10) active program among the younger alumni who have been graduated from the University during the past 10 years, (11) an enlarged program for alumni associations among the graduates of the various professional schools and colleges on campus (Law, Veterinary Medicine, Business, Pharmacy, Journalism), (12) emphasis on scholarships with Alumni Society and Foundation combined giving more than 100 scholarships each year, (13) successful Alumni Seminar program that is attracting more alumni each year and is conducted by top professors on campus, (14) assists in special

fund drives on campus, (15) publication of GEORGIA ALUMNI RECORD (five issues a year) and GEORGIA NEWSLETTER (six issues a year), (16) conducts alumni tours each year for interested alumni, (17) developed a highly sophisticated computer system for record keeping. Major changes in the computer system will be completed during 1970-71 and this will permit the Alumni Society to be of greater service to its alumni, faculty, and friends.

Publications

(a) GEORGIA ALUMNI RECORD, published during the months of September, November, January, March, and June.

(b) GEORGIA NEWSLETTER, published during the months of August, October, February, April, May, plus a special newsletter to members of recently graduated classes sent during the Spring.

(c) Various school alumni association publications such as newsletters for the College of Business Administration, School of Pharmacy, College of Veterinary Medicine, School of Journalism.

## BUREAU OF EDUCATIONAL STUDIES AND FIELD SERVICES

### Staff

The Associate Dean for Services is the Director of the Bureau. There are 12 staff members assigned to the Department of Educational Administration and the Bureau. One staff member serves as Director of Educational Studies and Surveys.

### Objectives

The fundamental objective of the Bureau in accomplishing its service mission is to provide educational consultants as requested by the public schools of Georgia, the region, other colleges and the State Department of Education.

### Functions

The services of the Bureau are available on a continuing basis to local school boards and other educational agencies for the analysis of problems, for the improvement of educational practices and for the continual updating of the knowledge and skills of administrative, supervisory and teaching personnel.

### Services

Planning and development studies to include comprehensive educational surveys. Educational research to include evolving problems and contemporary issues in education. The exchange of ideas and practices in administration as they relate to instructional services for the professional growth of practicing administrators. Publications on up-to-date practices and techniques relating to current school projects and issues. Consultation regarding information retrieval systems for school systems and consultative assistance in regard to administrative school planning. The Bureau also contracts its services to schools, colleges, school districts, or other agencies.

### Publications

- "Journal of Research and Development in Education" (National)
- "The Journal of Reading Behavior" (National)
- "The Department of Elementary School Principals Quarterly" (Regional)

### Conferences and Programs

Superintendents' Research and Educational Development Program (four two-day conferences), Superintendents' District Programs (in eight congressional districts), Curriculum Directors' Research and Educational Development Program (three three-day conferences), Principals' Research and Educational Development Program (six one-day conferences), Planning for the Facilities for Preprimary Education Conference, The Role of School Administrator in the Planning, Development and Management of Educational Facilities Conference and a conference on Law and Public Education.

# THE CENTER FOR MANAGEMENT SYSTEMS DEVELOPMENT AND ANALYSIS

(Based on Fiscal Year 1969-70)

## Staff

The staff of the Center includes a full-time Director and Assistant Director plus seven full-time professional personnel, one part-time person, and four secretaries. Nine graduate students and one undergraduate student supplement the regular staff.

## University Involvement

Four faculty members from other departments were involved in CMS service work. In addition, CMS staff members have served on University committees, including the PPBS Advisory Committee and the Financial Resources Self-Study Committee.

## Contracts and Grants

The Center administered five contracts or grants for services amounting to \$110,195. Two of these continued on into fiscal year 1970-71.

## Studies

Center personnel conducted thirty-six snap-shot analyses for businesses. In the government and education field, seven studies were completed. Included are analyses of two state government institutions, three school systems, and two city governments. Two analyses of hospitals field were completed.

## Publications

In addition to contracted services, one article and three monographs were prepared. All analyses mentioned above resulted in delivery of a publication to the organizations involved.

## Educational Activities

Staff members taught three courses for credit within the University and participated in fifteen workshops and seminars outside of the University. As a budgetary unit of the University, the Center sponsored a leadership seminar in conjunction with the Department of Management. Distinguished faculty from the University and other institutions participated as speakers.

## Consulting

As part of the service function of the Center, nearly 400 consultations were made with various organizations. Approximately 90% were with business and industrial organizations; the remainder were with educational and governmental groups.

## Fields of Public Service

The Center for Management Systems Development and Analysis is chartered as the service arm of the College of Business. Its function is to promote more effective applications of management and information systems technology and electronic data processing in business, educational and governmental organizations in Georgia and the Southeast.

## COMPUTER CENTER

### Hardware

The processing units presently in operation are an IBM/360 model 65, an IBM 7094, two IBM 1401's, an IBM 1620, and an IBM 1130. To these processors are attached a variety of peripheral devices, including tape drives, disks, drums, data cells, and 45 remote terminals.

### Software

The scientific languages FORTRAN IV and ALGOL, the business language COBOL, and the general purpose language PL/1 are all in use on at least one machine. An assembler language is available for every machine. In addition, a conversational language is in use for remote terminals, and a simplified mathematical language is used on the AMTRAN console.

### Services

In the continuing effort to improve services to the University community, the Computer Center has organized a Users Service group. In addition to functioning as the information desk for the Center, Users Services will assume production responsibility for standard programs and provide indirect assistance in the areas of programming and control languages.

Other services are also available through the Computer Center. Statisticians are available to assist in the statistical analysis of experimental data using computers. The Computer Software Management and Information Center (COSMIC) disseminates programs originally developed by the National Aeronautics and Space Administration (NASA), the Atomic Energy Commission (AEC), and the Department of Defense (DoD). The Information Sciences group provides scientific researchers with references to current and past literature in their particular fields of interest.

## COOPERATIVE EXTENSION SERVICE

The Cooperative Extension Service is an educational undertaking of the University of Georgia College of Agriculture and the U. S. Department of Agriculture with the cooperation of the counties of the state. Administratively, it is an integral part of the University. It was created by the Smith-Lever Act of Congress in 1914 which provided for the Department of Agriculture to join with the states in conducting off-campus educational programs relating to agriculture, resource development, home economics and youth development.

### Staff

Specialists in more than 20 subject matter areas are available to assist county Extension personnel and, through them, the people of the state in planning programs and carrying out recommended practices. The specialist and administrative and supervisory staff numbers about 150. Most of these are housed on the Athens campus although some are located in other areas including the new Rural Development Center at Tifton.

### Responsibilities

Two major responsibilities of the Extension Service are to be a service arm for the University and an educational arm for the USDA. The county agents and county Extension home economists are representatives of both the University and USDA. In their dual roles they carry out broad educational programs in agriculture, resource development, home economics and youth development and inform the public of Federal farm programs and other USDA services. There are approximately 450 such agents in the state.

### Service Activities

Major areas of service within the broad categories of work include agricultural engineering, agronomy, animal science, community and resource development, dairy science, economics and farm management, entomology, forestry, horticulture, landscape architecture, marketing and utilization, plant pathology, poultry science, veterinary medicine, family life, food science and food preservation, health, home management, housing, equipment and home furnishings, nutrition and youth development, including the 4-H Club program. The subject matter specialists gather the latest research information from the experiment stations, the USDA and elsewhere and make it available to the agents along with recommendations.

Special programs are also carried out with resource development, rural area development and area redevelopment, including the work of the Area Planning and Development Commissions. The Extension Service has responsibility for the Expanded Food and Nutrition Education program. It cooperates in many phases of the Economic Opportunities Act. In 1969-70 the Extension Service published 144 publications and distributed 1,204,200 copies to citizens of the state.

## THE GEORGIA CENTER FOR CONTINUING EDUCATION

### Facilities

The Georgia Center is a residential adult education facility with:

- 137 double bedrooms with a sleeping capacity of 274
- 18 conference rooms of varying sizes with a total seating capacity of 1,120
- 8 dining areas with a total seating capacity of 916
- 48 offices
- 2 libraries
- 4 elevators

### Staff

The Center has an average monthly payroll of over 500. This includes:

- 247 hourly employees
- 96 salaried employees on weekly or bi-weekly payrolls
- 54 administrative employees on monthly payrolls
- 11 administrative personnel joint-staffed with other schools, colleges or institutes on campus
- 59 part-time instructors
- 71 (average) University of Georgia faculty members contributing to the Center's program

### Program

During the 1969-70 fiscal year the Center conducted:

- 298 conferences registering some 25,000 conferees
- 770 other meetings and activities involving 35,000 participants

Extension programs in virtually every county in the state including non-credit programs and credit courses at both the undergraduate and graduate level

Television programming originating from WGTV in the Center and broadcast over a statewide network that includes eight other ETV stations

THE GEORGIA CENTER FOR CONTINUING EDUCATION  
INSTRUCTIONAL SERVICES DIVISION

1. The Instructional Services Division has a staff of 47 professional employees.
2. The four departments within Instructional Services are University Extension, Conferences and Short Courses, Program Development and Evaluation, and Inter-Institutional Programs.
3. The University Extension Department is responsible for the off-campus credit and non-credit continuing education effort of the Georgia Center.
4. The Conferences and Short Courses Department is responsible for the residential conference program at the Georgia Center.
5. The Department of Program Development and Evaluation is composed of a staff of 20 specialists who are joint-staffed with one of 8 academic departments, colleges, and institutes.
6. The Department of Inter-Institutional Programs is responsible for strengthening relationships with other institutions of higher education and developing joint programs in continuing education.
7. The Georgia Center has a professional staff member jointly employed with and housed in each of three University System Junior Colleges.
8. The off-campus credit program of University Extension is equal in enrollment to a college with 2,139 full-time students. The enrollment consists of 1,049 equivalent full-time undergraduate students and 1,090 equivalent full-time graduate students.

THE GEORGIA CENTER FOR CONTINUING EDUCATION  
COMMUNICATIONS DIVISION

1. WGTV, the University of Georgia's educational television station, is the originating station for eight other ETV stations in the state forming a network entitled Georgia Television.
2. Communications Division produces 15 full film productions in a typical year.
3. WGTV produces for national distribution approximately 10 television productions each year.
4. WGTV produces for local telecast approximately 120 television programs each year.
5. The Georgia television signal is picked up and transmitted by Community Antenna systems in approximately 70 communities in a five-state area.
6. Program Guides for Georgia Television were mailed to approximately 25,000 people each month. A sizeable number go into each county of the State and approximately 3,000 are mailed out of the State.
7. WGTV receives 5,000 viewer letters in a typical year.
8. WGTV works very closely with the campus Cultural Affairs and Lecture Series in order to produce television programs with visiting celebrities.
9. Communications Division operates a film distribution system from the film library on the campus of the University of Georgia. Approximately 30 films are picked up and delivered each day.
10. Campus participations in WGTV's productions number approximately 600 per year.
11. The film library of the Georgia Center has 2,200 films which are distributed nationwide, primarily to institutions of higher education.
12. The Operations section of the Communications Division (audio-visual support for conferences and meetings) prints thousands of signs each year and prepares hundreds of audio-visual services.

## THE INSTITUTE FOR BEHAVIORAL RESEARCH

The Institute for Behavioral Research is a multidisciplinary research organization. Its purpose is to encourage a pooling of the expertise of staff members and graduate students in such departments as Management, Political Science, Educational Psychology, Psychology and Sociology in behalf of an attack upon significant social and behavioral problems at both basic and applied levels.

Physically the Institute for Behavioral Research is housed in the new and spacious Graduate Studies building with ready access to the University of Georgia Computer Center, a technical library, and related facilities.

Staff members are appointed on a basis reflective of their commitment to current research projects, and Graduate Research Assistantships are available to students contemplating appropriate thesis or dissertation research.

A broad base of support is being sought through the development of plans which will enable the institute to serve not only national and regional interests, but those of the State of Georgia and the University community as well.

## THE INSTITUTE OF COMPARATIVE MEDICINE

(Based on Fiscal Year 1969-70)

### Staff

Director and Associate Director plus 75 professional personnel jointly staffed from the College of Veterinary Medicine, College of Arts and Sciences, School of Pharmacy, College of Agriculture, School of Forestry, and School of Home Economics.

### Functions

The Institute functions in coordinating research on the fundamental aspects of comparative medicine and the clinical sciences. The educational mission of the Institute is, therefore, oriented toward the strengthening of the graduate programs in the biomedical sciences. The service function of the Institute is manifest in the consultative roles of its members in comparative and laboratory animal medicine programs of the University System agencies and organizations.

### Contracts and Grants

The Institute of Comparative Medicine was responsible for the administration of \$1,087,933 -- in contracts and grants during Fiscal year 1969-70.

### Publications

Submitted 53\* papers for publication in biomedical journals.

\* represents close approximate figure

## THE INSTITUTE OF COMMUNITY AND AREA DEVELOPMENT

(Based on Fiscal Year 1969-70)

### Staff

Full-time Director and Associate Director plus 27 professional personnel jointly staffed with academic departments, schools and other institutes.

### University Involvement

Involved 50 faculty members from 25 departments, schools or other institutes in ICAD service work.

### Contracts and Grants

Administered 32 contracts or grants for services amounting to \$545,394.

### Studies

Conducted 81 studies for community and area organizations, state agencies, or federal agencies.

### Publications

Published 58 reports or other documents on technical subjects for groups outside the University.

### Educational Activities

Organized, conducted or participated in 84 leadership seminars, forums, panels or workshops, and gave 58 lectures or special talks to outside groups.

### Consulting

Participated in 224 technical consultations with outside groups, 78 general planning consultations, and honored 139 requests for factual information.

### Fields of Public Services

Social work, business and economics, fine arts, recreation, safety education, law enforcement, general governmental services, pharmaceutical services, geology, sociology, trade and services, government field training, economic development, geography, governmental data systems, environmental design, community development training, adult education, and health services.

## THE INSTITUTE OF CONTINUING LEGAL EDUCATION IN GEORGIA

The Institute of Continuing Legal Education in Georgia represents the combined efforts of the University of Georgia School of Law, the Law Schools of Emory and Mercer Universities and the State Bar of Georgia in providing a continuing legal education program for the Georgia lawyer. The Institute holds twenty-five to thirty seminars a year to keep lawyers abreast of changes and new developments in the law. These seminars vary from one to three days. Courses are held at the Georgia Center for Continuing Education as well as in the major cities throughout Georgia.

The University of Georgia pays the salaries of the Director of the Institute and staff as well as provides office facilities for the Institute in the Law School Building.

### Staff

The faculty of the Institute is picked from the law faculties of Georgia, Mercer and Emory Universities. Prominent practitioners and specialists of the State Bar of Georgia and national experts teach and lecture at these seminars.

### Services

Seminars are also held for Superior Court Judges and judges of other Georgia Courts, as well as for City and County Attorneys and District Attorneys.

## THE INSTITUTE OF ECOLOGY

### Staff

Full-time Executive Director plus full, associate, and student members jointly staffed with 15 academic departments and schools. A technical and clerical staff of 16 persons.

### Facilities

Administrative offices and computer facilities in the Rockhouse (Lumpkin House). Laboratories in Biological Science and Forest Resources Buildings. Research area at Horseshoe Bend near the campus. Operates the Savannah River Ecology Laboratory near Augusta, Georgia for the U.S. A.E.C. Has members and students at University of Georgia's Marine Institute on Sapelo Island, Georgia.

### Contracts and Grants

Administered five grants amounting to \$585,796. Total support through member's grants is \$649,851.

### Research Programs

Operates five multidisciplinary research programs: 1) radiation ecology at SREL, 2) marine ecology, 3) temperate forest ecology, 4) tropical ecology and 5) avian ecology.

### Publications

Members published over 100 papers or books in 1969.

### Training Programs

Operates a training program in Environmental Health, amounting to about \$100,000 per year. Also developing a systems ecology training program in cooperation with the Department of Zoology. Over 130 graduate students enrolled in ecology in academic departments.

### Service Activities

Members active on many international, national and local committees. Have special relationships with the International Biological Program, Organization for Tropical Studies, and International Society of Ecology. Members on the Joint Congressional Committee on Environment. Members active in various environmental, conservation and active committees in the U.S. and Georgia. Members also give speeches and conduct workshops for laymen, as well as serve as ecological consultants.

### Relationships with Other Groups

Cooperates closely with Institute of Natural Resources, Tropical Studies Group, and academic departments of Botany, Entomology, Microbiology, Poultry Science, Statistics, Zoology, Computer Center, Agronomy, Geology, Geography and Schools of Law, Forest Resources, and Environmental Design.

# THE INSTITUTE OF GOVERNMENT

(As of June 30, 1970)

## Staff

In addition to the Director, the Institute employs 37 full-time professional personnel, including 20 jointly-staffed with other University functions such as the departments of Political Science, Sociology, Accounting, and Banking and Finance, the School of Social Work, the Georgia Center for Continuing Education, and the Institute of Community and Area Development. Ten staff members were employed under grants or contracts and nine graduate students served in a variety of research assistantships.

## Budget, Contracts, and Grants

The 1969-70 budget for the Institute of Government was approximately \$402,000, and will be at \$460,000 for fiscal year 1970-71. In addition, during fiscal year 1969-70, the Institute cooperated with the Georgia Center in administering federally funded governmental training programs totalling \$403,000. Other functional elements of the Institute held grants or contracts with an approximate value of \$381,000.

## Studies and Consultations

During 1969-70, the Institute of Government faculty provided consultative services or conducted studies in connection with more than 85 different projects.

## Publications

During 1969-70, the Institute of Government staff published five books, approximately ten formal, full-length reports, and, in addition, a comprehensive report on the state's legislative body produced by a blue-ribbon group, The Citizens Committee on the Georgia General Assembly. Of its publications, both past and current, the Institute sold 2,772 and made complimentary distribution of 1,632 during the fiscal year.

## Training Activities

Through its connection with the Georgia Center and at various locations around the state, the Institute of Government planned, conducted, or co-sponsored more than 150 conferences or seminars in various aspects of governmental training, police science, and corrections.

## Other Educational Activities

The Institute of Government serves as an agent of the Board of Regents in the development of police science degree programs at Georgia state colleges. It also administers the off-campus Master of Public Administration program in cooperation with the Department of Political Science.

## THE INSTITUTE OF HIGHER EDUCATION

### Staff

Director and Associate Director plus seven full-time staff members who are also faculty of the Department of Higher Education.

### University Involvement

The institute is involved in service projects for several colleges in six southeastern states and is engaged in research on higher education at the University of Georgia. It has been responsible for coordinating the USOE Higher Education General Information Survey for the total University.

Staff members of the Institute developed a doctoral program in higher education which was added to the graduate curriculum during 1969-70. IHE also coordinates the predoctoral assistantship program for faculty members teaching in Georgia colleges. Other seminars and noncredit programs are periodically sponsored by the Institute.

### Contracts and Grants

Under Title III of the Higher Education Act of 1965, the Institute assists developing colleges improve their administration and faculty resources and helps in curriculum development. The University currently has fourteen Title III affiliates who have been awarded over one million dollars by USOE. Contracts for services have also been made with other individual institutions throughout Georgia and the Southeast. The Institute is currently conducting two special programs for personnel from developing institutions. One of these programs, funded under the Education Professions Development Act (EPDA), deals with the Administrative Team and the other with Management Information Systems.

### Other Projects

The Institute staff has worked with the Southern Association of Colleges and Schools, The Southern Regional Education Board, The Southern Education Foundation, The American Council on Education, and The Association for Institutional Research in various projects concerning higher education. IHE has also conducted studies related to student faculty ratios, junior college transfers, student characteristics, long range planning, administrative and academic team leadership, teacher effectiveness, legal aspects of higher education, and the administrative needs of higher education. Other studies requested and/or sponsored by departments with the University as well as other higher educational agencies also have been undertaken.

### Conferences

During 1969-70 the Institute conducted a total of 10 conferences and two seminar series involving a cumulative total of 301 college administrators and faculty members from 15 different states. This is the equivalent of 1328 man-conference days.

### Publications

The Institute has produced seven monographs during the past fiscal year to add to its series of publications in higher education. Other reports are produced for intra- and inter-university distribution.

## THE INSTITUTE OF NATURAL RESOURCES

(Based on Fiscal Year 1969-70)

### Staff

Full-time staff includes director and three associate directors, plus a research associate and two clerical staff members.

### Facilities

Offices located in Building No. 1 of the School of Forest Resources. Various laboratory facilities of other units of the University are available for use by INR.

### Contracts and Grants

Total budget for INR for 1969-70 was approximately \$120,000. Administered a research grant of \$19,883 from the National Park Service.

### Programs
