Students who received both a Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.

For the two graduation rate grids, the sum of the three columns in each line of the income-based grid (85–91) should equal the figure in the corresponding grid above (76–82).

Undergraduate Alumni Giving: Please enter information on undergraduate alumni giving, as defined below. As noted, *exclude* former students who earned only graduate degrees and undergraduates who didn't graduate from your institution. Additionally, exclude all student giving (e.g., senior class gift) unless you count the entire senior student body in the alumni of record total.

Please follow the standards set by the Council for Aid to Education (CAE) and the Council for Advancement and Support of Education (CASE), and used for reporting to CAE for the Voluntary Support of Education Survey when answering these questions.

What was the number of <u>undergraduate</u> alumni of record at your institution? (Alumni of record are former full- or part-time students with an undergraduate degree from your institution and for whom you believe you have a valid address or other way to make contact (telephone, email, etc.))

- 281. Number of undergraduate alumni of record in 2013-2014: 213,696
- 282. Number of undergraduate alumni of record in 2012-2013 (provided for your reference): 212,983

What was the number of undergraduate alumni solicited at least once during the year?

- 283. Number of undergraduate alumni of record solicited in 2013-2014: 208,634
- 284. Number of undergraduate alumni of record solicited in 2012-2013 (provided for your reference): 207,501

What was the number of <u>undergraduate</u> alumni donors for your institution in the following years? (Alumni donors are alumni with undergraduate degrees from your institution who made one or more tax-deductible gifts from either themselves or their legal spouse/partner for either current operations or capital expenses during the specified fiscal year.) Exclude all soft-credit only contributions – only report on IRS reportable gifts.

- 285. Number of undergraduate alumni donors in 2013-2014: 24,048
- 286. Number of undergraduate alumni donors in 2012-2013 (provided for your reference): 23,550

Note: The alumni giving data reported to U.S. News should be the same as what was reported to the Council for Aid to Education for undergraduate alumni in its annual Voluntary Support of Education Survey. If you do not break down undergraduate-only giving for the CAE survey, you must still do so for this report.

Faculty Salaries 2014 - 2015 Academic Year: Please report salaries for full-time instructional faculty, defined as full time faculty whose regular assignment is instruction. *Include* those on paid leave. *Exclude* administrative officers with titles such as dean, librarian, and registrar, even if they devote time to instruction. *Exclude* non-professorial rank faculty with title of instructor, lecturer or no-rank. *Exclude* faculty on unpaid leave, but *include* visitors who are temporarily replacing them. Full-time salaries other than 9- or 12-month should be converted to an academic year before inclusion. If you are not able to separate fringe benefits from salary, you may indicate the combined figure in the total expenditures column.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part-time definitions are not used by AAUP). Instructional faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

Undergraduate Class Size (CDS I-3): In the table below, please use the following definitions to report information about the size of class sections offered in the Fall 2014 term. Fall 2013 data provided for your reference.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

As part of each entry in a directory of colleges and universities, U.S. News would like to feature a brief description of the school's mission and unique qualities. Established by a charter adopted by the Georgia Legislature in 1785, the University of Georgia is the first university in America to be chartered by a state government. The principles embodied in its charter 'that education is the foundation of a democratic society and a right of all citizens, and that providing education is the responsibility of government' helped give rise to the American system of public higher education. UGA's picturesque 762-acre campus, in the Appalachian foothills about 70 miles northeast of Atlanta, is adorned with many 19th century buildings including Old College (1806), and the University Chapel (1832). North Campus, featuring quads with century-old trees and scenic green spaces, is listed on the National Register of Historic Places. Other notable campus features include bike paths, quiet gardens, one of the nation's largest student recreation/fitness centers and one of the oldest cemeteries on an American university campus (dating to 1814). UGA is Georgia's most popular college (more than 22,500 applications for the 2015 freshman class) and has one of the nation's largest and oldest Honors Programs, attracting superior students from across the country. UGA is a national leader among public universities in the number of major scholarships earned by its students. UGA students have earned 23 Rhodes Scholarships, 49 Goldwater Scholarships, 20 Truman Scholarships, 13 Udall Scholarships, 32 Boren Scholarships and 6 Marshall Scholarships. Since 2001, 111 UGA students have earned Fulbright Scholarships. The student satisfaction rate is high with 94 percent of freshmen returning as sophomores, and Georgia's HOPE Scholarship keeps in-state student costs among the lowest at major public universities. Long a research leader in such fields as agriculture, biology and biotechnology, UGA is rapidly building strength in human and animal health and biomedicine with its College of Public Health, Biomedical and Health Sciences Institute and Cancer Center. A physician education program developed jointly by UGA and Georgia Regents University began in 2010 and will help offset a severe shortage of doctors in Georgia. A 56-acre Health Sciences Campus houses the Medical Partnership, College of Public Health and other health-related programs. The Eugene P. Odum School of Ecology, opened in 2007, is the world's first stand-alone school devoted to ecological studies and research. UGA's Grady College of Journalism and Mass Communication is home to the prestigious Peabody Awards, the world's oldest prize in electronic media. In addition, the Peabody Archives in the Richard B. Russell Special Collections Libraries contain some of the best radio, television and cable programs ever produced. UGA is home of Georgia's official state botanical garden, state art museum and state museum of natural history, as well as the Georgia Writers Hall of Fame.

Majors and Minors offered

Note: Please use CIP 2010 codes in answering questions 318 and 319. When reporting majors in question 318 below, please do not list majors in conjunction with a concentration, emphasis, minor, or subject area. Concentrations, etc., may be reported in question 319.

In the box underneath the "Majors available" header, click on a CIP code to highlight the major category. This will open another box directly below which lists the sub-categories of majors (CIP codes with up to 4 digits to the right of the decimal place). The sub-categories are arranged by ascending CIP code number. Once you've highlighted a major (you may click and drag your mouse to highlight multiple selections), click on the right arrow in the middle column, which will move your selection to the "Majors offered" column. To undo a selection, highlight the CIP code in the "Majors offered" column and click on the left arrow. The "view only" section will only display the CIP code, not its full description.

> Self-directed/decentralized services
There is no separate admissions process and eligibility for services must be established by the provision of disability documentation that meets institutional standards. Services may be coordinated through the Disability Services office and are based on need as specified by the documentation. Other offices throughout the campus may also provide services and some services offered are not mandated by laws. Students' progress is not monitored.
